OBJECTIVE

Java Developer with 2+ years of experience in backend development, microservices, and API integration; proficient in delivering robust, client-focused enterprise solutions with strong collaboration and problem-solving skills.

SKILLS

Programming Languages: Java 17, SQL,Object-Oriented Programming(OOP), JavaScript, Python
Frameworks & Technologies: Spring Boot, Spring MVC, Hibernate, JPA, RESTAPI Development,
Databases: PostgreSQL
Testing & Quality: JUnit, Postman
Build and Version Control: GIT, Maven, Gradle, SVN
Soft Skills: Problem Solving,Cross Functional Teamwork,Customer Focus,Attention to Detail

EXPERIENCE

Java Developer   Oct 2023 - Present
Tata Consultancy Services   *Hyderabad,Telangana*

- Migrated core modules from Java 8 $\rightarrow$ Java 17, improving performance, maintainability, and reducing technical debt.
- Developed and maintained back-end services using Java, Spring Boot, and RESTful APIs, ensuring scalable and robust enterprise applications
- Implemented two approaches for legacy to modernized conversion:
  Template-based transformation: Categorized program logic using JSON templates and generated equivalent Java statements.
  Pseudo-code + AI approach: Converted JSON data into pseudo-code, then leveraged LLMs/AI models to generate optimized Java code.
- Designed and implemented JSON-based data exchange for system and API integrations, reducing integration time by 30%.
- Collaborated in Agile/Scrum teams to deliver production-ready features on schedule, meeting business and client requirements.

DevSecOps Engineer   Feb 2023 - July 2023
Tata Consultancy Services   *Hyderabad,Telangana*

- Built and optimized CI/CD pipelines using Jenkins to automate build and deployment of Java applications.
- Applied Docker containerization to ensure consistency across development, testing, and production environments.
- Assisted in conducting code quality and security checks using Fortify, identifying vulnerabilities and improving code reliability.

EDUCATION

Bachelor of Technology,Computer Science and Engineering

Raghu Institute of Technology , **CGPA**: 8.4/10   2019-2023

Intermediate,MPC (Maths, Physics, Chemistry)

Sri Gayatri Junior College, **CGPA**: 9.04/10   2017 - 2019
Secondary Education (SSC)
Narayana EM High School, **CGPA**:9.0/10   2017

PROJECTS

Centralized End User Support System (Project)   B.Tech Major Project

- Designed a centralized communication platform that brought together cross-channel user support into one cohesive solution.
- Implemented Rapid API for seamless third-party integrations and Firebase for real-time database and authentication.
- Built an interactive chatbot using Microsoft Bot Framework to automate user queries and enhance customer support experience.

Personal Portfolio Website (Portfolio)

- Designed and developed a responsive portfolio website to showcase projects, skills, and achievements.
- Built using HTML, CSS, and JavaScript with a focus on clean UI and user-friendly navigation.
- Deployed on Netlify for seamless accessibility and hosted the source code on GitHub for version control and transparency.

ACHIEVEMENTS AND CERTIFICATIONS

- **Applause Award – Tata Consultancy Services (2024)** Recognized for significant contributions to the Tech Stack Upgrade initiative, driving innovation, improving system performance, and enhancing overall application efficiency.
- **Star Performer Award – Tata Consultancy Services (FY 2024–25)** Honored for outstanding performance and consistent delivery of high-quality solutions, contributing to key project success and business outcomes.
- **Microsoft Certified: Azure Fundamentals (AZ-900), 2025** Validated knowledge of cloud concepts, Azure services, workloads, security, and compliance, demonstrating foundational cloud computing expertise.
